

Designer/Architect

Workshop Architects is seeking a **Designer / Architect** with up to **3 years of experience** to join our team in the **Milwaukee office**. The ideal candidate will be motivated and agile-minded – committed to continuously exploring new ways to think, make, and discover what makes spaces and places beloved.

EDUCATION AND EXPERIENCE:

- A bachelor's degree in Architecture required.
- On-the-job experience using Revit to produce construction documents preferred.
- Prior architectural office experience such as summer, co-op and intern work in the AE field preferred.
- Sustainability credentials preferred.

SKILLS:

- Proficiency with Revit, AutoCAD, Sketch-up, Photoshop, Illustrator and In-Design programs required.
- Communicates ideas effectively in graphic, written and verbal form.

WHAT YOU WILL DO:

- Prepare drawings, computer models, physical models, etc. for concept design through construction administration under direct supervision.
- Offer creative solutions and provides innovative, artistic, imaginative thinking and ideas
- Prepares construction documents including plans, details, sections, elevations and schedules.
- Consult with manufacturers, research, and evaluate materials.
- Produce accurate documents aligned with Workshop standards for project assignments.
- Create graphics and research information for inclusion in marketing proposals and materials.
- Contribute proactively to a project team.
- QA/QC one's own work product.

WHO WE ARE:

- **Workshop Architects** is a nationally recognized **architecture, strategic planning, interior design, and research firm** headquartered in **Milwaukee, WI**.
- Our practice specializes in **local and national student life facilities** ranging from \$25 - \$100 million in size as well as important mission driven clients in Workplace, Housing and Hospitality.
- We are **talented, enthusiastic professionals** with diverse backgrounds and a simple goal – create experientially rich spaces – reflective of the communities they serve.
- Visit our design portfolio at www.workshoparchitects.com.

WHAT WE ARE ABOUT:

- **Community** – Everyone wants to belong. Our Human-Centered guiding principle in design and in our studio culture revolves around this most fundamental need.
- **Building** – We are, after all, architects and designers that love to make things. Only for us, the success is not measured by the awards on the shelf, but the smiles in the spaces we design.

WHAT WE OFFER:

- Full or part time opportunities with competitive compensation.
- Competitive compensation and benefits package including medical, dental, and vision.
